

LANGUAGE OF THE SOUL

Unity teaches that:

- 1. Easter is a celebration of a life.*
- 2. Jesus represents a life that was lived based on love - the language of the soul.*
- 3. The spiritual significance within this celebration is that it is an awakening and rising to the spiritual consciousness of the Christ centered human.*

LANGUAGE OF THE SOUL

- 4. We arise in conscious awareness that we are no longer buried in the tomb of the human condition.*
- 5. No matter what challenges we face in life, we have the power to learn and grow from them for we carry the language of the soul within us.*

LANGUAGE OF THE SOUL

- 6. The language of the soul is always with us as it was with Jesus. Love is the greatest of all powers we possess.*
- 7. It is through the use of this power that we are able to overcome our crucifixions and rise above our human condition.*

LANGUAGE OF THE SOUL

- 8. As we allow the language of the soul to be apart of our lives we find that we can be resurrected and renewed in mind, body, and soul.*
- 9. It's all possible because of this promise: "The things I have done you will do also and greater will you do."*

LANGUAGE OF THE SOUL

- 10. God's idea for humanity is contained in what we call the living spirit of Christ. That we are all anointed by God as God's beloved sons and daughters. "I will form them in my image, male and female; and I will put my law in their hearts."*

LANGUAGE OF THE SOUL

Because Jesus lived we have a spiritual legacy that will forever help us connect with God and bring into manifestation the language of the soul. And by demonstrating it in our daily lives we too will "have life and have it abundantly."
