Twelve Power Burning Bowl

Humankind is endowed with twelve fundamental faculties of mind. These faculties are imbedded in our consciousness and when used under the guidance of Spirit enable us to increasingly demonstrate our inherent divine, creative nature. When we spiritually engage the twelve step process of using our faculties we find that our lives are transformed and we see the world in a whole new light of understanding. Charles Fillmore

A New Year's Affirmation

I believe that I am a child of God with divine attributes; that I practice relaxation to create greater spiritual awareness as I tune into my inner guidance and accept it in whatever form it comes; I willing act upon all inspired ideas knowing that God is with me; I share what I have learned thus creating more spiritual opportunities for my growth in the coming year. Thank you, God!
