## A Conscious Union

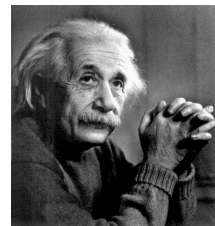

Philip said to Him, "Lord, show us the Father, and it is enough for us." Jesus said to him, "Have I been so long with you, and yet you have not come to know Me, Philip? He who has seen Me has seen the Father; how can you say, 'Show us the Father'?"

## A Conscious Union

"Do you not believe that I am in the Father, and the Father is in Me? The words that I say to you I do not speak on My own initiative, but the Father abiding in Me does His works. John 14:9-10

## A Conscious Union

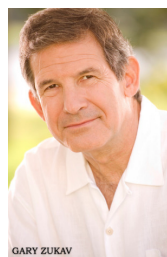

"I want to know how God created this world. I am not interested in this or that phenomenon, in the spectrum of this or that element. I want to know His thoughts; the rest are details." - Albert Einstein

## A Conscious Union

"Truly truly I say to you, unless become like little children, you will not enter the kingdom of heaven." Matthew 18:3

## A Conscious Union

In his book Soul Stories, Gary Zukav shares this story about a child's conscious union with God: "Ask God for what you want," they told her, "and God will always answer you." They had told her that since she was a baby. Now she was almost seven. "I asked God for something," she said one morning. "What did you ask for, darling?" they asked. "For snow on my birthday!" she said, giggling.

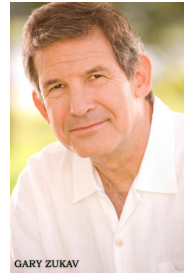

## A Conscious Union

GARY ZUKAV

*Her parents looked at each other in alarm. The little girl's birthday was in July, and they lived in the desert. Two weeks later the little girl spoke about her birthday again. "I want a party with all my friends," she announced. Now they were very alarmed, but they arranged the party. Everyone came, had a wonderful time, and left.*

## A Conscious Union

GARY ZUKAV

*There was no snow, but the little girl didn't appear to be sad. "Are you disappointed that God didn't answer you?" they asked her gently. "Oh, but God did answer me," she replied with a smile, "God, said, 'No!'"*

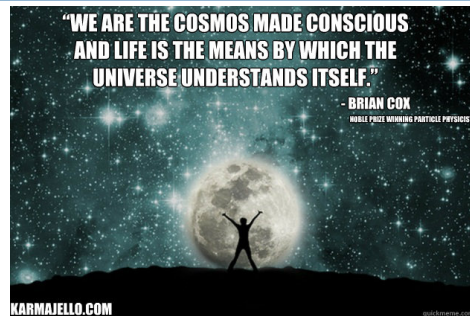

## A Conscious Union

GARY ZUKAV

*The difference between the parents and the little girl is trust. She trusted God to give her an answer – not the snow! She was inner directed and listened for God's answer. The parents were outer directed and focused on the outcome.*

## A Conscious Union

Eddie Rickenbacker was a pilot and a hero during WW I who became an ace and was presented with The Medal of Honor.

## A Conscious Union

During WW 2 a crash at sea took place in 1942 when he was sent by the U.S. government on a tour of the Pacific theater. The four-engine B-17 bomber on which he was a passenger went off course and ran out of fuel at sea. Here is the rest of the story of the man who proved that having a conscious union with God is all we need, as Joel Goldsmith writes:

## A Conscious Union

*Eddie Rickenbacker proved the principle that the Spirit of God is everywhere present as he was able to sit quietly in the raft with his seven crew members while adrift on the Pacific Ocean. The food that sustained them flew to him, swam to him, and water rained down on him. What was demonstrated here was not the food and water, but trust in the Spirit of God--*

## A Conscious Union

*Omnipresence, Omnipotence, and Omniscience—which appeared to him as bird, fish, and water, the Spirit of God appearing as the thing needed at the moment.* (God the Substance of All Form, by Joel Goldsmith)

This is what the Master Teacher meant when he taught, “Your Father knows yours needs…”

## A Conscious Union

Developing a conscious union with God begins with our understanding that: There is no external change without an internal development taking place. There must be a change in consciousness before there can be a change in any outer experience. Every spiritual idea realized in your consciousness will find manifestation.

## A Conscious Union

It is the god-self of you that controls your destiny, it resides in your consciousness. You cannot say, “There is only one presence and one power in the universe and in my life, God the Good,” then turn around and say, “I have to overcome evil powers, I have to destroy and remove them from my life.”

## A Conscious Union

In his article Awakening to Divine Human Consciousness, Peter Borys Jr. writes: *Humanity can create anything from within our being in God. We must only recognize that when we are expressing as spirit and soul through incarnate form, we must exercise our infinite knowledge through participation in the Divine mind of God. This is the whole challenge of incarnate existence.*

## A Conscious Union

*By nature we are one in God...By nature we have the full creative capabilities of the Divine, but we do not always have the full knowledge of organization and manufacture. Therefore, in our journey of awakening to a higher dimensional frequency of consciousness, we reach a point when we must decide that we are our true nature—one in God. It is the only way that we will not live by the falsity of separation.*

## A Conscious Union

*As we awaken, we are healing and transforming all traumas and conditioning in the mind and body from the system of fear, conflict, control, and separation.*

*As we decide to awaken to our true nature, we will allow our God consciousness to inform our DNA and enable the harmonic flow of love and creativity as consciousness and energy through all cells and systems of the body.*

## A Conscious Union

The Master Teacher saw his mission as a consciousness changer that would help usher in a whole new understanding of our spiritual relationship with God and the spiritual nature of the universe.

“In my Father’s house are many mansions.” In conscious union with God, you connect and experience divine right of consciousness.”
